# **HP LaserJet Pro MFP M435nw**

Take efficiency to the next level—print, scan, and copy quickly on paper sizes up to A3 with this compact MFP. Produce crisp, clear documents that impress. Command jobs with ease—tap the touchscreen to access convenient storage and sharing options.

### **Eco Highlights**

#### HP LaserJet Pro MFP M435nw

 Reduce energy use with HP Auto-On/Auto-Off Technology.<sup>5</sup>

ENERGY STAR® qualified Join HP in more sustainable printing hp.com/ecosolutions

<sup>5</sup>HP Auto-On and Auto-Off capabilities subject to printer and settings.

#### Documents at the speed of business

- Extend your printing reach—easily set up, print, and share using Ethernet and wireless connectivity.<sup>2</sup>
- Print from mobile devices with apps or software or through a direct wireless connection to the MFP.
- Hit the ground running—get started fast with HP Smart Install—no CD needed.4

### Take control—tap, touch, done

- Reduce paper use with automatic two-sided printing. Increase paper capacity with a 500-sheet tray.<sup>3</sup>
- Easily copy both sides of a two-sided ID or other small document onto the front of a single-page.

#### Scan, save, send—simple

- Simplify your workflow. Work smarter, with touchscreen-enabled scanning to the cloud. 1
- Scan in accurate colour—for stunning digital versions of your originals.

<sup>&</sup>lt;sup>1</sup> Requires a wireless access point and an Internet connection to the printer. Services may require registration. Availability varies by country, language, and agreements, and requires a firmware upgrade. For details, see <u>hp.com/go/eprintcenter</u>

Wireless performance is dependent on physical environment and distance from access point, and may be limited during active VPN connections.

<sup>&</sup>lt;sup>3</sup> Optional 500-sheet paper tray not available on all models.

<sup>&</sup>lt;sup>4</sup> HP Smart Install works with Microsoft® Windows® only.

For more information see hp.com/go/printerclaims. Exact speed varies depending on the system configuration, software application, driver, and document complexity, 1º Duty cycle is defined as the maximum number of pages per month of imaged output. This value provides a comparison of product robustness in relation to other HP LaserJet or HP Closure LaserJet devices, and enables appropriate deployment of printers and MFPs to satisfy the demands of connected individuals or groups. 1º HP recommends that the number of pages per month of imaged output be within the stated range for optimum device performance, based on factors including supplies replacement intervals and device life over an extended warranty period. 1º Power requirements are based on the country/region where the printer is sold. Do not convert operating voltages; this will damage the printer and void the product warranty. Values subject to change, see hp.com/support for current information.
